

## Young Consultant of the Year

**Carey Williamson, Atkins Management  
Consultants**

Carey is a senior consultant at Atkins, one of the world's leading design, engineering and project management consultancies. Over the past year he has led the team responsible for upgrading the digital infrastructure at one of the world's busiest transport hubs.

Heathrow Airport is to benefit from new Cloud-based technology, which Carey's team has designed, built and is implementing in this fast-paced environment. Carey has worked with the client to deliver better and more efficiently through the adoption of new project management techniques, and he has helped foster a collaborative culture within his own team and with delivery partners.

He puts his client's needs at the heart of his work, and has earned the respect of colleagues as a result of his deep technical expertise and positive approach. Carey also brings an understanding of the challenges of operating in a commercial environment to his role. The first decade of his career was spent developing his own successful businesses
