

MCA Awards 2018 Finalist

Consulting Excellence Award for Professional Development IBM

Consulting by Degrees(CbD) is IBM's programme for early professionals entering Global Business Services(GBS), the consulting division of IBM. The primary purpose of CbDis to grow the consulting leaders of the future.

The programme delivers by:

- Attracting and recruiting high performing individuals
- Providing comprehensive training in consulting and technical skills
- Managing early professionals closely, providing exemplary leadership
- Mentoring to guide career path, and instilling a strong sense of community

Since 2012, the programme has rapidly developed the consulting careers of over 11800 joiners, providing exceptional delivery and value to clients and sustaining IBM's reputation for Consulting Excellence.
